

## Cabinets Warranty

Please note the warranty will NOT be effective if the Cabinet Inspection Checklist has not signed and submit to Wonder Kitchen&Bath.

### One Year Limited Warranty

Wonder Kitchen&Bath Cabinets warrants our manufactured product to be free from defects in materials and workmanship for a period of one year. For products purchased through a new home builder, this warranty period will commence the date the home is first occupied or when transfer of title is complete. For products purchased directly from Wonder Kitchen&Bath Cabinets, the warranty period will commence when installation is complete. Some hardware and accessory manufactures may provide warranties beyond one year. Please check with your sales representative or the hardware manufacture for details. All warranties are subject to the limitations below.

### General Limitation of Our warranty

Our warranty only applies in the case of normal use of our cabinets in non-commercial residences. Our warranty is not applicable if there is evidence of abuse, misuse, improper storage of items or failure to properly care for your cabinets. Please refer to our General Care & Maintenance Guide for proper use and care of your cabinets.

This warranty does not apply to any product:

- Used for purposes for which it is not intended or designed for;
- Which has been improperly installed, cleaned, or maintained;
- Which has been subjected to improper temperature, moisture &/or humidity;
- Damaged by fire, flood or other external causes beyond our control; That is unfinished or "raw";
- Exhibiting normal wear and tear.

Color changes in wood due to sunlight, household cleaners and other environmental conditions all have an expected natural effect on wood. In addition, wood will continue to expand and contract with seasonal changes, therefore hairline cracks at door joints and movement of wood panels is expected. These are considered normal characteristics and are not eligible for warranty.

The maximum door width covered under warranty is 24". Doors over 42" in height must include a mid-rail to be covered under warranty. Allowable tolerance for warping or bowing on doors is 1/8" (corner to corner).

If products are replaced, Wonder Kitchen&Bath Cabinets cannot guarantee an exact match due to discontinued products, color adjustments and/or the natural aging process of materials.

This warranty will become void if cabinets are modified in any way.

Improper installation or alteration of supply only cabinets will not be covered by warranty.

**How We Remedy Warranty Claims**

Should defects in material or workmanship exist during the warranty period, Wonder Kitchen&Bath Cabinets will elect at its discretion to either repair or replace the defective material. The warranty does not cover the costs of any other products or labor used in conjunction with the warranty repair such as plumbing fixtures, countertops, appliances, paint or ceiling touch-ups, etc.

**How Do You Obtain Warranty Service?**

To obtain more information regarding the product or to make a claim under this warranty, contact your sales representative to arrange for an inspection. For products purchased through a new home builder, please direct all claims through your builder if you are still within the builders' post-possession warranty period. All claims must be initiated during the warranty period.

## Countertops Warranty
